

we don't want the wisconsin no-call list changed or abolished. The guidelines are stricter than the Federal guidelines and as such protect the consumer. It is especially important for the elderly in our state (such as my mother and in-laws). They don't need to be bombarded with calls as late as 9:00Pm when rest is essential and also their decision making is not always clear when they are asked to make purchases. Please leave the wisconsin no-call list as it is presently. Thank you.
